## 1. EXECUTIVE SUMMARY

In the reporting period from February 1, 2019, to April 30, 2019, the company Poslovni sistem Mercator d.d. (hereinafter referred to as Mercator) continued to cooperate with the company Agrokor d.d. (hereinafter referred to as Agrokor) and the companies affiliated to it in a way that is clearly in compliance with the provisions of the law as laid down in the Act on Conditions for Appointment of Extraordinary Management Board Member in Companies of Systemic Importance to the Republic of Slovenia (hereinafter referred to as the ZIČUDSP).

As of April 1, 2019, the company Fortenova Grupa dioničko društvo za upravljanje (Fortenova Group, joint stock management company), with registered seat in Zagreb at Marijana Čavića 1 (hereinafter referred to as Fortenova Grupa) commenced its operations. Pursuant to the settlement agreement, ownership of the companies to which the so-called Lex Agrokor applies and which are managed by the extraordinary management of the company Agrokor d.d. was transferred to the company Fortenova Grupa. Ownership transfers were carried out according to two models.

Mirroring model: according to this model, new companies were founded by the Fortenova Grupa for all insolvent companies of the Agrokor Group; there are a total of 46 such companies. The assets of insolvent Agrokor Group companies were transferred to the newly founded (mirror) companies. Moreover, the ownership of subsidiaries held by the insolvent Agrokor Group companies was transferred to the Fortenova Grupa.

Shareholding transfer model: according to this model, the stake held in solvent companies of the Agrokor Group – there are a total of 31 such companies – was transferred from the company Agrokor d.d. or the companies affiliated to it, to the company Fortenova Grupa.

As of April 1, 2019, the ownership of the Fortenova Grupa was consistent with the settlement agreement with the Agrokor Group creditors, and as of April 1, 2019, trading with securities that indirectly represent the ownership of the Fortenova Grupa is possible. Within the agreement on the settlement with the Agrokor Group creditors, Mercator is treated separately and the ownership of Mercator shares has not yet been transferred to the Fortenova Grupa company.

The company Fortenova Grupa and the companies affiliated to it are separate in terms of ownership and management from Agrokor and the parties affiliated to it, and they are not an affiliate party of Agrokor. The company Fortenova Grupa and the companies affiliated to it are also not affiliated to Mercator, in the sense of Companies Act, Tax Procedure Act and ZIČUDSP. Regardless of this fact, this report, in order to ensure transparency of Mercator's operations, also includes the transactions effected with the companies from the Fortenova Group.

As all provisions of the law and all relevant commitments have been complied with in transactions with the company Agrokor and the companies affiliated to it, we find that the transactions effected and detailed hereinafter comply with the principles of diligence, good management and credibility, and that the company did not sustain any loss or damage with regard to any of the detailed

transactions. The same applies to transactions or any business with the company Fortenova Grupa and the companies affiliated to it.

In the period at hand, Mercator also complied with the commitments laid down in the Agreement on Mercator's Financial Restructuring and the Agreement on Sale and Purchase of Shares of the company Poslovni sistem Mercator d.d.

## **2. INTRODUCTION**

A separate chapter reports the balance of receivables from and payables to the Agrokor Group companies, and separately the balance of receivables from and payables to the Fortenova Group companies.

#### **4. TRANSACTIONS WITH THE COMPANIES OF THE AGROKOR GROUP AND THE FORTENOVA GROUP**

Each year, Mercator compiles a report on transactions with affiliated companies pursuant to the Companies Act and the Tax Procedure Act. The report is adopted and approved by the Mercator Management Board and it is also reviewed by the auditors. The report presents all transactions with the affiliated companies, the pricing principles or methods employed in each transaction, and proof of compliance with the arm's length principle, i.e. comparability of transfer prices with the current market prices. Functional analysis is conducted for each transaction (tasks performed relative to the assets/funds invested, or services and risks assumed), which is the tool for the observance of the arm's length principle and for specification of comparable market prices. Functional analysis is used to evaluate the differences in the contents of the transactions effected with affiliated companies and the transactions effected with non-affiliated companies, which is necessary for proving the regularity of transfer pricing.

Pursuant to the Companies Act, Mercator developed a report on all transactions with affiliated companies for the year 2018 as well. The report was approved by the Mercator Management Board, and reviewed and approved at Mercator's Supervisory Board session on April 25, 2019. The Management Board hereby confirms that the report is compliant with the principles of diligence and credibility, and that the company did not sustain any loss or damage with regard to any of the detailed transactions. The Management Board also confirms that Mercator did not enter or execute any legal transaction with its parent company in 2018, which would result in damage or negative consequences for the company's operations.

The report was reviewed by a certified auditor and approved on the day of management presentation on April 25, 2019.

In determining the prices in transactions with affiliated companies, Mercator observes its internal rules and Regulations on transfer pricing, and the arm's length principle as laid down by the OECD Transfer Pricing Guidelines for Multinational Enterprises and Tax Administrations.

##### ***Fortenova Group***

As already noted in the summary, company Fortenova Grupa and the companies affiliate to it are not affiliated neither with Mercator's majority shareholder, i.e. the company Agrokor, nor with Mercator, in the sense of the provisions of Companies Act, Tax Procedure Act and ZIČUDSP. Regardless of this fact, this report, in order to ensure transparency of Mercator's operations, also includes the transactions effected with the company Fortenova Group and the companies affiliated to it.

## **4.1 PROCUREMENT AND SALE OF TRADE GOODS/MERCHANDISE**

### **4.1.1 Procurement of trade goods/merchandise**

In the reporting period, Mercator procured trade goods (merchandise) from the following Agrokor Group companies: Konzum, Zvijezda Slovenia, Ledo Slovenia, PIK Vrbovec, Jamnica Slovenia, Belje, Pik Vinkovci, Agrolaguna, Solana Pag, Dijamant, and Zvečevo.

In the reporting period, Mercator procured trade goods (merchandise) from the following Fortenova Group companies: Konzum plus, Belje plus, PIK Vrbovec plus, Vinka plus, Zvijezda Slovenia, Ledo Slovenia, Jamnica Slovenia, Solana Pag, Dijamant, and Zvečevo.

In the reporting period, total turnover (revenue) increased relative to the equivalent period of the year before. Turnover increased with the suppliers Zvijezda and Jamnica as a result of increased investment into marketing activities and takeover of revenue from the company Costella. Turnover also increased with the supplier Dijamant that supplies oil under the Mercator private label, and the supplier Pik Vrbovec/Pik Vrbovec Plus. With the latter, the turnover increased as a result of higher prices of fresh meat and meat produce that in turn resulted from higher prices of input raw materials, and the change of selling policy for delicatessen products. In the reporting period, turnover decreased with the supplier Ledo, since we developed and started marketing ice cream under our own private label in the period at hand. There are additional minor deviations in the overall sales structure and, as a result, in purchase values, due to seasonal component and different marketing activities of respective suppliers.

Procurement of trade goods/merchandise, fast-moving consumer goods, was consistent with the General Terms and Conditions of the company Mercator in Procurement of Goods, effective as of January 1, 2017, and as of January 1, 2019, for all suppliers. General Terms and Conditions are a constituent part of the Goods Procurement Agreement signed by the company Mercator with suppliers of goods, non-affiliated and affiliated companies.

#### ***Pricing and proving the comparability of transfer prices to market prices (arm's length principle)***

Mercator has access to comparable data on procurement prices of comparable goods from non-affiliated suppliers. Information on purchase prices, together with functional analysis, prove that the procurement prices in transactions with non-affiliated persons/entities are comparable to the procurement prices in transactions with affiliated persons/entities and to procurement prices in transactions with the Fortenova Group companies.

Services pertain to advertising in special offer campaign flyers, temporary lease of additional in-store exposure and refrigerators, promotional materials for stores, inclusion in marketing projects, introduction of new products and replacement of existing ones. Services were rendered and charged based on effective price lists. Mercator has opposite/offsetting transactions in place with all companies, which hedge the credit risk as they allow mutual netting.

#### ***Pricing and proving the comparability of transfer prices to market prices (arm's length principle)***

Prices of marketing services provided by Mercator were based on relevant price lists. The same price list is used for both affiliated and non-affiliated persons/entities. The prices are based on comparable market prices or based on the actual ratio between supply and demand.

#### 4.4.2 Commissioning of marketing and other services

Of the Agrokor Group and Fortenova Group companies, Mercator only ordered marketing and other services from the company Kompas in the reporting period.

We ordered tourist arrangements from the company Kompas for awards given out as a part of our marketing activities, and other services related to marketing activities.

##### *Pricing and proving the comparability of transfer prices to market prices (arm's length principle)*

Affiliated companies and the Fortenova Group companies charged the services to Mercator based on the price list that also applies to non-affiliated companies, or prices according to the arm's length principle. Information on prices, along with functional analysis, prove that the prices are actually determined based on market prices (at arm's length principle).

## 4.5 IT SERVICES

In the reporting period, Mercator ordered IT support services from Agrokor Group companies mStart, and Mondo-tera.

In the reporting period, Mercator did not order any IT support services from any of the Fortenova Group companies.

Services charged by the companies mStart and Mondo-tera pertain to IT solutions in infrastructure and maintenance of existing applications. Mercator ordered the said services based on relevant contracts and quotations.

### *Pricing and proving the comparability of transfer prices to market prices (arm's length principle)*

Service prices for IT solutions commissioned by Mercator from affiliated companies are comparable to market prices (the services are priced at arm's length), i.e. prices charged by non-affiliated service providers in the market.

#### **4.6 SERVICES RELATED TO THE PIKA CARD**

In the reporting period, Kompas was the only Agrokor Group and Fortenova Group company to use the Pika card. For both affiliated and non-affiliated companies included in the Pika card system, Mercator is providing certain card transaction services and renting out POS terminals that allow transactions with the Pika cards.

***Pricing and proving the comparability of transfer prices to market prices (arm's length principle)***

Mercator charges a fee for its services, and rent for the use of POS terminals. The amount of the fee depends on the transaction volume with the Pika card, and business arrangement with the business partner. Mercator charges the same rent for use of POS terminals to both affiliated and non-affiliated companies. The amount of such rent is calculated based on the amount of rent paid by Mercator to a non-affiliated company.
